

CITY OF DASSEL (06/29/2023 redraft)
ORDINANCE NO. 01-2023

**AN ORDINANCE REGULATING THE MANUFACTURE, DISTRIBUTION,
AND SALE OF TETRAHYDROCANNABINOL (THC) PRODUCTS
IN THE CITY OF DASSEL BY ADDING TO TITLE XI, BUSINESS REGULATIONS, A
NEW CHAPTER 113, THC CANNABINOL PRODUCTS**

THE CITY COUNCIL OF THE CITY OF DASSEL HEREBY ORDAINS AS FOLLOWS:

TITLE XI; BUSINESS REGULATIONS, of the City of Dassel Code of Ordinances, is amended by adding Chapter 113 as follows:

CHAPTER 113. TETRAHYDROCANNABINOL PRODUCTS

§ 113.01 PURPOSE and INTENT.

The purpose of this Chapter is to regulate the manufacture, distribution, and sale of any product that contains tetrahydrocannabinol and that meets the requirements to be sold for human or animal consumption under Minn. Stats. §151.72, also known as “THC Products.” The reasons for this enactment include the following:

- (A) By enacting 2022 Session Law Chapter 98, Article 13, the Minnesota Legislature amended Minn. Stat. §151.72 to allow the sale of certain products containing tetrahydrocannabinol, also known as “THC”.
- (B) Minn. Stats. §151.72 as amended does not prohibit municipalities from adopting and enforcing local ordinances to regulate THC product businesses including, but not limited to, local business license requirements, zoning and land use requirements.
- (C) The National Academies of Science, Engineering, and Medicine note that the growing acceptance, accessibility, and use of THC products, including those for medical purposes, have raised important public health concerns, while the lack of aggregated knowledge of cannabis-related health effects has led to uncertainty about the impact of its use.
- (D) The city recognizes that, based on the most reliable and up-to-date scientific evidence, the rapid introduction of newly legalized Adult-use THC products presents a significant potential threat to the public health, safety, and welfare of the residents of Dassel, and particularly to youth in the city.
- (E) The Minnesota Legislature recognized the danger of THC product use among the public at large by setting potency and serving size requirements.
- (F) The Minnesota Legislature recognized the danger of THC product use among youth by prohibiting the sale of any product containing THC to those under the age of 21, requiring that edible THC products be packaged without appeal to children, and in child-resistant packaging or containers.
- (G) State law authorized the Board of Pharmacy, and subsequently the Minnesota Department of Health, to adopt product and testing standards in part to curb the illegal

sale and distribution of THC Products and ensure the safety and compliance of commercially available THC products in the state of Minnesota.

- (H) State law requires THC Product sellers to check the identification of purchasers to verify that they are at least 21 years of age (Minn. Stat. § 151.72, subd. 3(c)), and to comply with certain packaging and labeling requirements to protect children and youth (Id., subd. 5a).
- (I) Under Minn. Stat. § 151.72 the city has the opportunity to make decisions that will mitigate this threat and reduce exposure of young people to the products or to the marketing of these products and improve compliance among THC Manufacturers, THC Product distributors and sellers with laws prohibiting the marketing or sale of THC Products to youth.
- (J) A local regulatory system for THC Product distributors and sellers is appropriate to ensure compliance with THC Product laws and business standards of the City to protect the health, safety, and welfare of our youth and most vulnerable residents.
- (K) A requirement for a THC Product manufacturer, distributor or seller be locally licensed will not unduly burden legitimate business activities of those who distribute or sell THC Products to adults but will allow the City to regulate the operation of lawful businesses to discourage violations of state and local THC Product-related laws.
- (L) In making these findings and enacting this ordinance, it is the intent of the City Council to ensure responsible THC Product retailing, allowing legal sale and access without promoting increases in use, and to discourage violations of THC Product related laws, especially those which prohibit or discourage the marketing, sale, or distribution of THC Products to youth under 21 years of age.
